

For Immediate Release

## **Highlight Opens Terminal in Los Angeles Area**

*Company delivers a higher level of LTL and truckload service between Canada and Southern California*

TORONTO (July 5, 2017)—Highlight Motor Group Inc. announced that its Highlight Motor Freight USA division has opened a terminal in La Mirada, Calif., to provide consolidated less-than-truckload and full truckload service between Canada, the Eastern U.S., and the Los Angeles area.

“Our La Mirada terminal is a direct response to customers telling us they want more options, better service, and faster transit times to and from this region,” said Kirk Kalinitchenko, President of Highlight Motor Group Inc. “Having a physical location here with a staff who truly understands the market is a distinct advantage for us and for our customers.”

Kalinitchenko added that David Kilkenny has been named General Manager, Steven Ralls has been named business development manager, and Roman Molina, dispatch supervisor.

The La Mirada terminal gives Highlight Motor Freight USA a coast-to-coast presence in the United States and allows Highlight Motor Group to establish a higher level of direct service between Los Angeles and Vancouver, Calgary, Toronto, and other key markets in Canada. Highlight Motor Freight USA also operates a terminal and warehouse in New Jersey to serve the Eastern seaboard.

“We’re positioned to deliver the solutions our customers expect, including daily service to Los Angeles,” Kalinitchenko said. “It’s another example of our commitment to delivering efficient, cost-effective transportation wherever our clients need us.”

Highlight Motor Freight USA’s terminal opened July 5. It is located at 15501 Heron Ave., La Mirada, CA 90638; 714-367-8980 x202.
